

To All Cyclists,

Follow the cycling rules and manners

Ride your bicycle safely

Almost 60% of all bicycle accidents occur at intersections.

✓ Slow down, stop, and make sure that it's safe to proceed at blind intersections!

✓ Don't forget to check all directions, even at a green light.

◎ **Good!**

✓ When crossing an intersection, make eye contact with the driver.

Keep left when riding on the roadway.

Look behind you when changing lanes in order to avoid obstacles such as parked vehicles.

Give way to pedestrians on the sidewalk.

Ride slowly on the side closest to the roadway.

Situations where bicycles may be ridden on the sidewalk:

- 1 When instructed to do so by road signs and markings.
- 2 When the cyclist is under 13 or over 70 years of age, or has a physical disability.
- 3 When traffic in the roadway makes it unsafe for cyclists to ride in the roadway.

A sign indicating a "Cyclists and Pedestrians Only" sidewalk

The following actions are forbidden:

Riding side by side/tandem riding

Riding while using a smartphone, mobile phone, or headphones

Riding under the influence of alcohol

Riding while using an umbrella

Turn on your light at night.

Park your bicycle in the bicycle parking area.

Bicycles left in the street block traffic for pedestrians and other vehicles.

Please wear a helmet, regardless of your age.

Almost 70% of people killed while riding a bicycle die from head injuries.

Remember!

The rules and manners for the prevention of traffic accidents

In General:

- Pedestrians walk on the right, and cars and bicycles drive on the left.
- Follow the traffic signals and signs.
- Pedestrian safety is the top priority when on the road.
- Obey the instructions of police officers.

Pedestrians:

- Walk on the sidewalk when possible.
- When there is no sidewalk, walk on the right-hand edge of the roadway.
- Cross at intersections marked by a crosswalk or crossing signals.
- Use pedestrian overpasses or underpasses when they are available.
- Do not cross roadways with a "No Pedestrian Crossing" sign.
- When crossing the road, look to your right, left, and right again, in order to make sure that it's safe to go ahead. Cross the road after confirming that no cars are approaching, and that nearby cars have stopped.

Drivers:

- Do not drive unless you have a driver's license. Do not drive under the influence of alcohol.
- Stop and check the safety of the situation at "Stop" signs and railroad crossings.
- Wear a seat belt at all times (children under 6 years of age must use a child seat).
- When riding a motorcycle, wear a helmet with the strap tightened properly under your chin.
- If you encounter a traffic accident, assist the injured while taking all measures to prevent further danger, and call the police immediately by dialing 110.
- Turn on your headlights as soon as it becomes dusk.
- Do not use your mobile phone while driving.

Types and Meanings of Traffic Signs:

No Pedestrian Crossing

Stop

Pedestrian Crosswalk

Closed to All Traffic

Closed to All Vehicles

No Entry
